AXIS SABLE FINISH

Axis Sable items are manufactured using kiln dried mahogany timber and are hand painted with multiple coats of marine grade paint to give a hard wearing and durable outdoor finish. Prior to painting the mahogany is washed to remove some of the natural red colouring from the surface. The paint used is manufactured by Sikkens/Akzo Nobel, a world wide renowned supplier of marine paints and lacquers.

All Axis Sable items are designed for full outdoor use but in the knowledge they will behave outdoors as all painted wood furniture or joinery would do.
